Ex. 5 - Deliberative Process

Please let me know if you have any questions or if my notes don't match yours. I am going to be out of the office from May 4-13th and Jennifer Schuller will be acting for me so I am ccing her to loop her in. I am also ccing those folks that have an action item for a paper or from whom a paper may be needed to give them a heads up to chat with their ARA since time is of the essence.

I will summarize my notes from the remaining states as well, but wanted to get WY out first since that one is coming up soon.

Anthony, The following items are state agenda items for discussion at the midyear meeting. There appears to be some overlap between some of these and the agenda you provided. Which is good. We are also interested in discussing the multi-year PPA. Let me know if you need anything additional. Thanks, Brian.
